The Mighty Giant Model 3600 is a production model grinder designed for heavy-duty commercial use. A multi-function remote control system is included to run the 25' long, top-driven, elevator that swings from side to side, for ease of use in grinding into piles, buildings or tucks. The Mighty Giant comes equipped with your choice of a Caterpillar engine up to 800 HP, featuring extended engine warranty coverage.

Standard on every Mighty Giant - from the PTO Model to the Hydrafork - is the hydraulic opening tub for easy access to the mill, hammers and screens- eliminating the need to climb in and out of the tub.

## **FEATURES**

- Tub opens hydraulically for servicing and changing screens
- Tub Operation is controlled by electronically-operated hydraulic governor
- Tub is hydraulically chain-driven with variable speed and reverse
- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise, lower, swing and fold discharge elevator
- Hammers are reversible and have 4 hard-surfaced corners
- Trouble-free 14" High-capacity discharge auger
- Capable of Grinding any type of Forage or Grain
- Highest Capacity, most Durable Grinder available
