- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise & lower discharge elevator
- Trouble-free 14" High-capacity discharge auger
- Capable of Grinding any type of Forage or Grain
- Highest Capacity, most Durable PTO Grinder available

The Mighty Giant Model 1015 is built with the smaller producer in mind, a simple machine ready to handle all the rigors of grinding forage and grain. It has many of the same features of the 2015, such as the standard tilt-open tub which allows for easy access to the mill, hammers and screens. A standard 14" discharge auger under the mill and a fold-over the tub style elevator.

The Model 1015 is built with the Mighty Giant experience that is put into all the grinders we build.
