Weight	Approximately 38,000 Pounds

The Mighty Giant Model 4100 is a heavy duty, commercial grinder designed for the Wood Industries. It features a variable speed tub with a Plus One Controller. All tub and elevator functions are remote controlled. A 25' or 27' long, swinging, stacking conveyor for loading trucks, commodity buildings and piles.

The Mighty Giant comes equipped with a CAT or John Deere engine, featuring extended engine warranty coverage.

Standard on every Mighty Giant - from the PTO Model to the Hydrafork - is the hydraulic opening tub for easy access to the mill, hammers and screens - eliminating the need to climb in and out of the tub.

Fold Over Elevator

FEATURES

- 25K air ride tandem axle, dual wheel chassis with tube frame
- Tub opens hydraulically for servicing and changing screens
- Tub operation is controlled by a Plus 1 Governor with remote
- Tub is hydraulically chain-driven with variable speed and reverse
- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise & lower discharge elevator
- Trouble-free 18" high-capacity discharge auger
- Multi-function remote control
