

AGRICULTURAL POWER UNIT MODEL 3215

*Since
1929*

*Durable to Last Generations,
Innovative to Meet Your Diverse Grinding Needs*

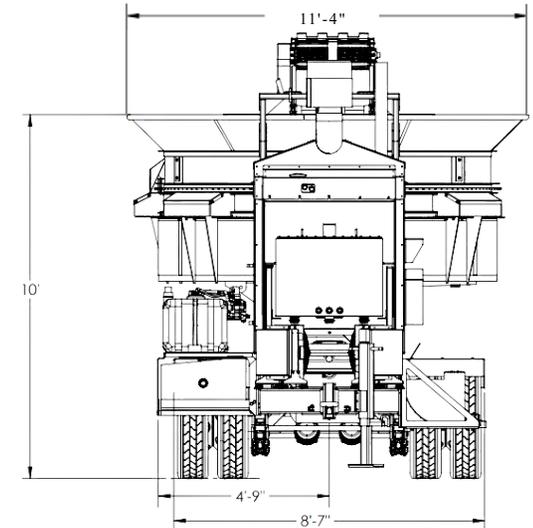

AGRICULTURAL POWER UNIT MODEL 3215

	Model 3215
Engine Options	CAT or John Deere Engine with Extended Warranty
Horsepower	416 HP (CAT) or 585 (JD)
Clutch	KPTO19 Fluid Coupler
Hammer	3/8" or 1/2"
Number of Hammers	84
Mill	26" x 48"
Mill Bearing Size	522 Mill Bearing
Mill Hammer Pins	6 Pins - 1-1/4" Diameter
Tub Size	9' Interior
Tub Drive	Single Hydraulic Drive Motor with No. 2100 Heavy Duty Chain
Elevator Dimensions	24" x 25' Hydraulic Fold Over Tub with Swing
Elevator Drive	Hydraulic Motor
Discharge Auger	14" Right Hand Auger
Hitch	Pintle Hitch or Gooseneck Hitch
Dimensions	Length: 29' 8" - 50' 9" Width: 11' 4" Height: 12' 4"
Weight	Approximately 27,600 Lbs.

The Mighty Giant model 3215 is a mid-sized grinder built for the feedlot or dairy producer when a PTO is not enough and a heavy duty, commercial, engine mounted grinder is too much. It features an electronically controlled, variable speed, hydraulically-driven tub. Remote controlled elevator functions and tub speed are optional for operator convenience. A 25' long, swinging, stacking elevator for loading trucks, buildings or piles.

Standard on every Mighty Giant, from the PTO model to the Hydrafork model, is the hydraulic opening tub for easy access to the mill, hammers and screens, eliminating the need to climb in and out of the tub.

FEATURES

- Tub opens hydraulically for servicing and changing screens
- Tub speed/direction is controlled by a Plus One governor
- Tub is hydraulically chain-driven with variable speed and reverse
- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise, lower and swing side to side the discharge elevator
- Trouble-free 14" high-capacity discharge auger
- High capacity industrial radiator and heavy duty air filter system with pre-cleaner
- Multi-function remote control
