Dimensions	Length: 35' 3" to 37' 6"
	Width: 11' 4" to 12' 2"
	Height: 11' 10" to 13'
Weight	Approximately 38,000 Lbs.

The Mighty Giant model 4100 is a heavy-duty, commercial grinder designed for the wood industry. It features a variable speed tub with a Plus One controller. All tub and elevator functions are remote controlled. A 25' or 27' long, swinging, stacking conveyor for loading trucks, commodity buildings and piles.

The Mighty Giant comes equipped with a CAT or John Deere engine, featuring extended engine warranty coverage.

Standard on every Mighty Giant, from the PTO model to the Hydrafork model, is the hydraulic opening tub for easy access to the mill, hammers and screens, eliminating the need to climb in and out of the tub.

- 25K air ride tandem axle, dual wheel chassis with tube frame
- Tub opens hydraulically for servicing and changing screens
- Tub operation is controlled by a Plus One Governor with remote
- Tub is hydraulically chain-driven with variable speed and reverse
- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise & lower discharge elevator
- Trouble-free 16" or 18" high-capacity discharge auger
- Multi-function remote control
