Dimensions	Length: 22' 5" Width: 11' 4" Height: 12'
Weight	Approximately 14,720 Lbs.

The Mighty Giant model 1050 is built with the smaller producer in mind, a simple machine ready to handle all the rigors of grinding forage and grain.

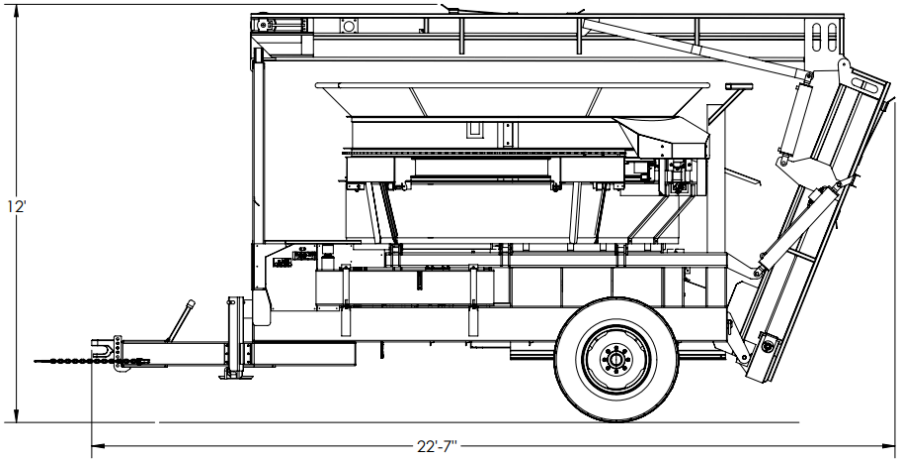

It has many of the same features of the 1050, such as the standard tilt-open tub which allows for easy access to the mill, hammers and screens. A standard 14" discharge auger under the mill and a fold-over the tub style elevator.

The model 1050 is built with the Mighty Giant experience that is put into all the grinders we build.

FEATURES

- Tub opens hydraulically for servicing and changing screens
- Tub operation is controlled by a Plus One governor
- Tub is hydraulically chain-driven with variable speed and reverse
- Elevator drives from the top with rubber lagged pulley
- Hydraulically raise & lower discharge elevator
- Trouble-free 14" high-capacity discharge auger
- Capable of grinding any type of forage or grain
- Highest capacity, most durable PTO grinder available
